WINE LIST

As you've no doubt noticed, we have a lot of wine. With over 1800 different bottles currently represented, we offer an ever-changing line-up of established stars and emerging talent, from £8.50 up to £4000 per bottle.

We hope you are excited to explore the wonder of the world of wine here at Define. We have curated the following menu to include a range of great wines by the glass, as well as bottles, so that you can hopefully try something new or a bit different.

The wines in this list already include the £12.50 corkage applied to our retail shelf price. You're very welcome, nay encouraged, to wander around the shop and pick a bottle off the shelf to sup at your table; if the wine you choose from the shelf needs chilling, please allow around 10 minutes for us to do so. The same £12.50 corkage will be applied per 75cl bottle in addition to the displayed retail price. From experience, we're aware some people are surprised at the charge, but rest assured, this is far below standard restaurant pricing that you'll find elsewhere.

We proudly have an abundance of talent here at Define. Jon himself has been in the wine trade all of his working life (long enough!), and has built Define's reputation as one of the leading independent wine merchants in the country over the past 21 years. Having tasted over 50,000 wines, he's been around the block, and the world! There are plenty of other staff around, too, who are more than happy to talk wine with you, so please don't hesitate to ask.

Cheers!

To help you find what you're looking for...
