WINE LIST

As you've no doubt noticed, we have a lot of wine. With almost 1500 different bottles at the last count, we offer an ever-changing line-up of established stars and emerging talent. We enjoy the story and romance behind the bottle and we think value can be found at all price points.

We hope you are excited to explore the wonder of the world of wine here at Define. We have curated the following list to include a range of great wines by the glass, as well as bottles, so that you can hopefully try something new or a bit different.

You'll be hard-pressed to find a list of such quality and quantity outside of central London, so you're encouraged to wander around the shop and pick a bottle off the shelf to sup at your table. If the wine you choose from the shelf needs chilling, please allow around 10 minutes for us to do so. A £12.50 corkage fee will be applied per 75cl bottle in addition to the displayed retail price.

We proudly have an abundance of talent here at Define. Jon himself has been in the wine trade all of his working life, and has built Define's reputation as one of the leading, award-winning, independent wine merchants in the country over the past 23 years. And then we have Liam, our Wine Manager of Michelin starred restaurant background, who brings a slightly more youthful approach to serving wine and is a man dedicated to his craft. Most of our team are educated to WSET Level 2 too, so please don't hesitate to ask for any help or advice.

Cheers!

"The sun shines out of our glasses!"

WINES BY THE GLASS SELECTION

We have tried to create a list that suits all styles and palates and is well represented across different wine regions of the world. There are some hidden gems of real value in here and some that you might not find on lists elsewhere. Our standard measures are 125ml and 175ml however we can offer 50ml and 250ml on request. If there is something you usually drink and you can't see it, feel free to ask a member of staff as, who knows, we may have something stashed away and ready to pour. Happy
