

WINES BY THE GLASS SELECTION

We have tried to create a list that suits all styles and palates and is well represented across different wine regions of the world. There are some hidden gems of real value in here and some that you might not find on lists elsewhere. Our standard measures are 125ml and 175ml however we can offer 50ml and 250ml on request. If there is something you usually drink and you can't see it, feel free to ask a member of staff as, who knows, we may have something stashed away and ready to pour. Happy drinking!
